PRESS RELEASE

No. 167/2007

Date: 27 July 2007

Kings Wharf Development

As part of the Kings Wharf Development, a contractor will be carrying out excavation works to divert existing services within the construction site along the western pavement of Queensway in front of the development site as from Monday 30 July 2007 for a period not exceeding 8 weeks. Works will be undertaken in stages so as to minimise the disruption that these works may cause. Temporary road works signs will be in place to advise drivers and pedestrians accordingly as they approach the site of the works.

We would like to take this opportunity to apologise to the general public for any inconveniences these works may cause them.
