PRESS RELEASE

No. 187/2007

Date: 20 August 2007

TRADEWINDS DEVELOPMENT

As part of the Tradewinds Development, a Contractor will be carrying out excavation works along the area of Glacis Estate and Bayside Road, to lay down new services to the development. Works will start as from Tuesday 21 August 2007 for a period not exceeding 2 weeks. Works will be undertaken in stages so as to minimise the disruption that these works could cause.

The works along the area of Bayside Road will commence on Saturday 25 August and be completed by the evening of the 26 August. Stop and go arrangements will be in effect in the vicinity of the works area, over this period.

Parking restrictions will also be in force along certain areas of the estate and Bayside Road. During the works period, parking will be provided for permit holders of Glacis Estate within the private car park of Taylor Woodrow at Glacis Road. This will be clearly signposted. Temporary road works and parking restriction signs will be in place to advise drivers accordingly as they approach the site of the works.

We would like to take this opportunity to apologise to the general public for any inconveniences these works may cause them.
