## **PRESS RELEASE**

No: 67/2009

Date: 7<sup>th</sup> April 2009

The Government has received a proposal from an investor interested in establishing a floating hotel. While the Government sees value in the idea, it has not yet approved any proposal, nor a site, nor a size, nor a design for the building. The structure and location displayed on television by the proposer of the scheme have not been approved and are NOT acceptable. Should Government consider a proposal viable, there will be the advance public notification and consultation as part of the normal planning process.
