PRESS RELEASE

No: 425/2018

Date: 18th July 2018

Gibraltar Sports and Leisure Authority and AquaGib Ltd in partnership to continue Plastic Free ethos

In keeping with Her Majesty's Government of Gibraltar "single use plastic" policy the GSLA will not be distributing water in plastic bottles during its annual Summer Sports Programme.

Participants have been encouraged to bring along re-usable plastic bottles as drinking water will be provided on site. Key to this has been the assistance of AquaGib Ltd who have very kindly sponsored all civil works to provide a refilling station suitably located to allow children to refill their bottles when required.

GSLA CEO Reagan Lima is delighted with the assistance provided adding that "as well as the provision of the refill station AquaGib Ltd have also made available numerous reusable bottles to be distributed amongst the children on the programme. We all know the issues surrounding the abuse of single use plastics and we were very keen to instil this ethos in to our participants. Hopefully, this mind-set will become the norm rather than the exception".
