Date: 7th September 2018

Students receive their Gibraltar Scholar Awards

Nine students received their Gibraltar Scholar Awards on Friday 7th September. The event, which was held at Bleak House was attended by the scholars, their families, teachers, the Honourable Dr John Cortes and members of the Department of Education.

This year two students were awarded a Distinction award for attaining a minimum of three A* grades at A-Level, whilst seven students were awarded a Merit award for attaining a minimum of three A grades at A-Level in one sitting. The scholars have attained top grades in Art, Biology, Chemistry, Economics, English, Further Maths, Geography, History, Mathematics, Physics, Religious Studies, Sociology and Spanish.

The event is an opportunity to celebrate the successes of our nine Gibraltar Scholars. Despite the challenges of the reformed A-Levels, which have introduced greater academic rigour, our students have once again excelled academically.

Their hard work, determination and perseverance will now see them take up places to read a range of degree courses at UK Universities, where they hope to continue their learning journey.

We would like to congratulate our scholars on their excellent achievements and thank them, their families and teachers involved for their continued support. We wish them all the best in their future endeavours.
