A. PREFACE

The Statistics (Air Traffic Survey) Order 1971 requires that a report and summary of the findings of the Air Traffic Survey be laid before the House of Assembly. This is the 9th such report and contains a summary of statistics collected for the years 1972 to 1983.

This year's report includes additional data showing separate statistics for charter operations between Gibraltar and the U.K., revenue load factors for departing scheduled flights (from 1977 onwards) and general data on commercial air freight. It is hoped that this will be of use and interest.

I must express my thanks to the Airlines for their continued co-operation in the conduct of this Survey.

GOVERNMENT STATISTICIAN

FEBRUARY 1984

B. DEFINITIONS

(a) Passenger Load Factor :  $\frac{\text{All seats used}}{\text{All seats offered}} \times 100$

(b) Revenue Load Factor:  $\frac{\text{All seats used by "paying" passengers}}{\text{All seats offered}} \times 100$

(c) Scheduled Services: are those performed according to a published timetable, including those supplementary thereto, and available for use by members of the public.

(d) Charter Services: includes all air passengers transport flights, other than scheduled services and Ministry of Defence Charters.

Table 1: Arrivals/Departures by air from/to U.K. 1972-83

| YEAR | ARRIVALS (000's) |            |               |            |               |            | DEPARTURES (000's) |            |               |            |               |            |

Notes: (1) Figures relate to Gibraltar-London flights and exclude all transit Morocco flights.

(2) Figures show both passenger and revenue load factors. The latter is derived by excluding non-paying passengers from the "seats used" column. All load factors are calculated on the basis of actual figures.
