PREFACE

The Statistics (Employment Survey) Order 1971 requires that the Government Statistician prepare a report and summary of the findings of the Employment Survey to be laid before the Gibraltar Parliament.

In October 2017, all known employers were sent Employment Survey questionnaires in respect of their employees. Two reminders were sent to late respondents with the survey closing in April 2018. The response rate was almost 100% with 1,784 out of the 2,660 known employers completing the questionnaire in respect of their employees and 869 registering a nil return.

I must express my thanks to all employers for their continued co-operation in the conduct of this survey.

Notes:

(i) Employee jobs in the Public Sector include non-civil servant posts in Government Departments and direct employment by Government authorities, agencies and wholly-owned companies.

(ii) This nationality split presents problems of accuracy. Some employers classify all their British employees, including Gibraltarians, under the Other British category and since no personal details are provided it is not possible to differentiate between the two categories. This would result in an understatement of the Gibraltarians in employment.

Notes:
(i) Employee jobs in the Public Sector include non-civil servant posts in Government Departments and direct employment by Government authorities, agencies and wholly-owned companies.

(ii) This nationality split presents problems of accuracy. Some employers classify all their British employees, including Gibraltarians, under the Other British category and since no personal details are provided it is not possible to differentiate between the two categories. This would result in an understatement of the Gibraltarians in employment.
