

APRIL 3.00pm

JULY 6.00pm

NOVEMBER 10.00am

Job No. 212045

OPTION 1

2no. 12 storey towers at 31,000m<sup>2</sup> approx.

This configuration allows the most amount of natural sunlight to reach the building facades due to the east – west orientation of the blocks which is further enhanced by the splay between them.
