6 CONVENT PLACE

OFFICIAL NOTICE

MONTHLY STATEMENT OF RENT **TENANTS OF GOVERNMENT HOUSING**

The Government wishes to highlight some improvements with respect to the payment of rent for Government tenants.

In order to modernise systems within the Ministry for Housing and keep Government tenants properly informed about their respective rental payments, a monthly invoice statement is to be issued shortly to all Government tenants. This will supply monthly advice of rent that is due unlike before whereby rent was undertaken weekly without any prompting statement.

It should be stressed that the new monthly billing system will not incur any additional rent. Instead, it will include the current annual 50 weeks of rent payable over 12 monthly instalments. This means that annual rent will remain exactly the same as before, the only difference being that this will be payable on a monthly basis instead of weekly and thus will result in less inconvenience for many tenants having to visit the City Hall (Ministry for Housing) to process rent directly over the counter.

The improved new system will be beneficial in that information will be supplied to tenants who will be able to update themselves, at a glance, of any personal financial developments about their rent. In addition, facilities are also available to initiate payment of rent through standing order with minimum fuss and disruption. Government tenants wishing to make use of these arrangements should contact the Ministry for Housing at the City Hall on telephone 200 74505, during business hours.
