

GIBRALTAR INTERNATIONAL AIRPORT - VACANCIES

AIRPORT FACILITIES MANAGER

Gibraltar Air Terminal Limited (GATL) is seeking an experienced Airport Facilities Manager to oversee the maintenance of the airport terminal, apron and associated facilities in a manner that will ensure fiscal responsibility, efficient and effective operations as well as an enhanced customer experience.

Reporting to the Chief Operations Office of GATL and as a member of the Management Team, the successful candidate will be responsible for overseeing a facilities team to meet the needs of an advanced terminal facility while working closely to meet the dynamic needs and requirements of airport operators and stakeholders.

Applicants for this post should ideally have:

- Relevant qualifications and suitable experience in asset / facilities management of large technically advanced buildings with complex mechanical and electrical systems.
- Significant hands-on operational experience leading multi-disciplinary teams.
- Negotiating contracts and service level agreements, and knowledge of relevant regulatory Acts, building and construction codes and local service providers.
- Display strong business acumen and highly developed leadership, interpersonal and problem-solving skills.
- Be result driven, analytical, operationally minded and technically proficient.

Preference will be given those with experience in facilities management in an Airport Operations environment.

Potential candidates must be able to communicate in English & Spanish both verbally and in written form.

The appointment will be on contract terms, initially for three years (the first year probationary) with an option for renewal subject to satisfactory performance and successful development of the Company.

Salary will be commensurate with experience and qualifications.

Application forms and a full job description may be obtained from:

Tel No: +350 20052052

E-mail: ceo@gatl.gi

ICT MANAGER

Gibraltar Air Terminal Limited (GATL) is seeking an experienced Airport Information Communications Technology (ICT) Manager to oversee the maintenance and service support of all ICT systems and ICT related facilities in a manner that will ensure fiscal responsibility, efficient and effective operations as well as an enhanced customer experience.

Reporting to the Chief Operations Office of GATL and as a member of the Management Team, the successful candidate will be responsible for creating a team to meet the needs of an advanced terminal facility while working closely to meet the dynamic needs and requirements of airport operators and stakeholders.

Applicants for this post should ideally have:

- Relevant qualifications and experience in ICT management of technically advanced and complex ICT and network systems.
- Significant hands-on operational experience leading multi-disciplinary teams.
- Negotiating contracts and service level agreements.
- Knowledge of relevant regulatory acts, access control, project management tools and service management methods.
- Displaying strong business acumen and highly developed leadership, interpersonal and problem-solving skills.
- Be result-driven, analytical, operationally minded and technically proficient.

Preference will be given those with experience implementing and managing ICT projects and management experience in an Airport Operations environment.

Potential candidates must be able to communicate in English & Spanish both verbally and in written form.

The appointment will be on contract terms, initially for three years (the first year probationary) with an option for renewal subject to satisfactory performance and successful development of the Company.

Salary will be commensurate with experience and qualifications.

COMMERCIAL MANAGER

Gibraltar Air Terminal Limited (GATL) is seeking a Commercial Manager to oversee the retail concessions within the air terminal along with the management of all incremental revenue opportunities with the terminal. The candidate will also be responsible for the management of the advertising revenue at Gibraltar International Airport.

Reporting to the Chief Operations Officer of GATL and as a member of the Management Team, the successful candidate will be responsible meeting the needs of a complex and advanced terminal facility while working closely to meet the dynamic needs and requirements of airport operators and stakeholders.

Applicants for this post should ideally have:

- Relevant qualifications and experience in a commercial environment, with significant understanding of the design and operation requirements of commercial units.
- Hands-on operational experience negotiating commercial agreements.
- Display strong business acumen and highly developed leadership, interpersonal and problem-solving skills.
- Be result driven, analytical, operationally minded and technically proficient.

Preference will be given those with experience implementing and managing commercial projects and management experience in an Airport Operations environment.

Potential candidates must be able to communicate in English & Spanish both verbally and in written form.

The appointment will be on contract terms, initially for three years (the first year probationary) with an option for renewal subject to satisfactory performance and successful development of the Company.

Salary will be commensurate with experience and qualifications.

Completed forms should be sent to:

The Chief Executive Officer

Gibraltar Air Terminal Limited

Suite 771, Europort

Gibraltar
