

# HM Government of Gibraltar

6 CONVENT PLACE

## OFFICIAL NOTICE

### Tachograph Card

European law states that any driver who is required to drive a vehicle fitted with a digital tachograph, must be the holder of a digital tachograph driver card.

As part of a process of producing a turn-key solution to produce and provide a "tachograph driver card," HM Government of Gibraltar is inviting applications from drivers.

To be eligible to apply, a driver must:

- Have a valid Gibraltar or EU driving licence with a bus or lorry category
- Have not had a driver card before in any other country in the EU
- Be a resident of Gibraltar

Applications and terms and conditions for the cards are available from the Chief Examiner, Driver and Vehicle licensing Department, Eastern Beach Road:-
