6 CONVENT PLACE

OFFICIAL NOTICE

Repairs to Main Sewer at Line Wall Road by NatWest Building

In order for the Sewers Infrastructure Section of the Technical Services Department to undertake essential works to repair the main trunk sewer along Line Wall Road, the following traffic arrangements will be put in place. As from 8.00am on Saturday 16 November 2013 until no later than 6.00am on Monday 18 November 2013, Line Wall Road will have its northbound lane closed to all vehicular traffic from its junction with Cathedral Square up to its junction with King's Street. All northbound traffic will be diverted via Queensway. The southbound lane will be unaffected and remain open at all times. Temporary advance road works signs will be placed accordingly on the approach to the works.

The Government would like to take this opportunity to apologise to the general public for any inconvenience that these works may cause to them.
