

HM Government of Gibraltar

6 CONVENT PLACE

OFFICIAL NOTICE

Reclamation Road – Replacement of Sewers Manhole Cover

The Sewers Infrastructure Section of the Government's Technical Services Department will be undertaking works to repair a manhole and replace a defective cover and frame at the northern end of Reclamation Road. In order for these works to proceed, the following traffic arrangements will be put in place. As from 8.00am on Saturday 23 November 2013 for a period not exceeding 48 hours, the northern end of Reclamation Road leading onto Queensway will be closed to vehicular traffic. Northbound vehicles travelling along Reclamation Road will be diverted through Chatham Counterguard onto Fish Market Road. During this time, and so as to allow buses to continue servicing the area, the bus stops at the bottom of English Steps shall be temporarily relocated within the ex-Naval Ground site opposite. Temporary information and road works signs will be placed accordingly on the approach to the works.

The Government would like to take this opportunity to apologise to the general public for any inconvenience that these works may cause to them.
