## **PRESS RELEASE**

No: 167/2009

Date: 14<sup>th</sup> August 2009

### **Works at Dudley Ward Tunnel Project**

Works to remove part of the stock piled rubble at the entrance to Dudley Ward Tunnel will commence on Monday 17 August 2009 for a period not exceeding 14 weeks. In order to allow this operation to be carried out safely and efficiently, Sir Herbert Miles Road, by the large lay-by to the south of Caleta Hotel, will be closed to vehicular traffic (except for residents of Both Worlds Complex and construction traffic). During the period of the works, the area will be controlled by the use of "Stop" and "Go" signs and warning signs will be erected to advice drivers accordingly.
