**A'Level Results**

The Minister for Education and Training, Clive Beltran, has expressed his delight at yet another year of excellent 'A' Level Examination results. The pass rate at Bayside School was 99%, with 98% at Westside School and 95% at the Gibraltar College. There are 13 students altogether who have obtained 3 or more 'A' grades.

The Minister would like to congratulate all students and teachers for this remarkable achievement. This is evidently the culmination of a long process of education at all levels and across school sectors. The consistently high standards achieved locally are a true reflection of the competence and professionalism of our teaching staff, the hard work of our students and the support of parents.
