PRESS RELEASE

No. 173/2009

Date. 3rd September 2009

National Week Classical Concert

The Government announces changes, due to technical reasons, to the programme of classical music for the concert to be held on the 8th September 2009 at St Michael's Cave.

As an alternative of Tchaikovsky: Symphony No 5, the orchestra will perform Rossini: William Tell Overture and Stravinsky: Firebird Suite (1919 version).

Maestro Karel Mark Chichon assures all music lovers that the change in programme will not in any way detract from the Government's intention to provide first class entertainment.

The Minister for Culture apologises for any disappointment caused to lovers of Tchaikovsky's musical compositions.
