The Minister for Enterprise, Development, Technology and Transport, The Hon Joe Holliday said, "The InvestGibraltar Office has dedicated a substantial amount of time, resources and effort to develop this website. The business community now has access to relevant and up-to-date information twenty-four hours a day, seven days a week."

"The Government appreciates that success in business is driven by people that are usually overcommitted, work long hours and never have a minute to spare. The InvestGibraltar Office has been designed to work as a business support site as well as a databank of information", added the Minister.

It is a simple fact of statistics that more and more people are using the Internet to conduct business and various forms of research. The InvestGibraltar Office is conscious of this and has implemented a user friendly '3 clicks and you are there' approach to the website.
