PRESS RELEASE

No: 129/2010

Date: 27 May 2010

New Prison – Laying of Fibre Optic cable along Europa Road, from the junction of Naval Hospital Hill through Windmill Hill Road to the New Prison.

In order to allow a Contractor to undertake works to lay a new cable along existing infrastructure system, the following traffic arrangements will be in place as follows. The eastern side carriageway along Europa Road from the junction of Naval Hospital Hill to Windmill Hill Road, including Windmill Hill Road, will be reduced in width only along certain specific areas, as from 8.00am on Saturday 29 May 2009 to no later than 5.00pm, and subsequently again during the same hours of Sunday 7 June 2009. Traffic flows will be controlled during this period with the use of stop and go hand signals. Temporary road works and diversion signs will be in place to advise drivers of the works ahead.

We would like to take this opportunity to apologize to the general public for any inconvenience these works may cause to them.
