PRESS RELEASE

No: 141/2010

Date: 4th June 2010

Kings Wharf Development – Excavation into Queensway to Lay New Water Services

A Contractor will be carrying out excavation works at Queensway by the junction of Coaling Island, so as to provide new water services connections to the development of Kings Wharf. Works will start as from 2.00 pm on Saturday 5 June 2010 and will continue throughout the day continuing towards Sunday 6 June 2010, where works are envisaged to be completed by late evening. The road will be slightly narrowed along the area of the works, where traffic will be controlled by the use of operatives with stop and go hand signals. Temporary road works signs will be placed warning drivers of the works ahead.
