## **PRESS RELEASE**

No: 208/2010

Date: 25<sup>th</sup> August 2010

### **Technical Services Department – Cleansing of Main Sewer along Southern End of Main Street**

In order to allow a Contractor on behalf of the Sewers Section of Technical Services Department, to carry out essential works to cleanse and condemn an old redundant main sewer along the southern end of Main Street, from the junction of Kings Yard Lane to Convent Place, the following traffic restrictions will be in place between the hours of 9.30 pm until no later than 6.00am daily from Saturday 28 August 2010 to Sunday 5 September 2010. Northbound traffic on reaching Kings Yard Lane will be diverted through Town Range up to Convent Place, where they will then be able to continue Northbound. Temporary advance road works signs and parking restriction signs will be placed accordingly.

We would like to take this opportunity to apologise to the general public for any inconveniences these works may cause them.
