PRESS RELEASE

No: 284/2010

Date: 4th November 2010

NEW BUSES FOR ROUTE 2 (UPPER TOWN)

The Government is pleased to announce that the Gibraltar Bus Company will begin to operate Bus Route No 2 with the three new buses that have been purchased recently for use on this route.

These buses represent a significant improvement over the vehicles that are currently being used to service this route. The new Air-conditioned buses will have a greater passenger carrying capacity than the ones used until now. These new buses will be able to carry 20 passengers, of which 14 will be seated and 6 standing. In addition, these vehicles have been adapted to be able to carry wheelchairs and are designed to be disability friendly.

The Minister for Transport, the Hon J J Holliday, said "I am delighted to launch these new buses for Route No2, which will further enhance the excellent service already provided by the Gibraltar Bus Company. I am sure that frequent users of this route, will welcome the improved comfort of these new vehicles".
