PRESS RELEASE

No: 325/2010

Date: 2nd December 2010

Europa Road – Excavation to Build a new Manhole at Europa Road

A Contractor is to undertake excavation works at Europa Road by the area of Wimpey Homes as from 2.00pm on Saturday 4 December 2010 for a period not exceeding 10 hours and subsequently will return as from 8.00am on Sunday 5 December 2010 for a period not exceeding 10 hours. There is a chance that should the Contractor not be able to complete the works in the two days that they will need to return on the evening of Monday 6 December 2010 as from 7.00pm onwards until completion of the works. The works will involve excavating into the road to expose existing Gibtelecom ducts where a new manhole cover will be constructed. Works will be done in stages with the road being partially reduced to one lane along the area of the works. Stop and go hand signals will be used to control traffic. Temporary road works signs will be placed warning drivers of the works ahead.

We would like to take this opportunity to apologise to the general public for any inconveniences these works may cause them.
