PRESS RELEASE

No: 355/2011

Date: 6th December 2011

Gibraltar Sports & Leisure Authority in partnership with the Gibraltar Woodsball and Speedball Association start paintball taster sessions locally

The GSLA in partnership with the Gibraltar Woodsball and Speedball Association (GWSA) have successfully provided a number of paintball taster sessions this past weekend.

The arrival of new equipment including inflatable obstacles has meant that over the weekend the GSLA's Bayside Sports Centre, Multi Use Games Area was the focal point for local paintball with members of the public enjoying sessions alongside members of the GWSA. Anyone interested in taking part in these tasters is more than welcome to come along as they will also be available this coming weekend. Safety overalls, masks and markers as well as actual paintballs will be provided during these tasters.
