PRESS RELEASE

No. 294/2012

Date: 11th May 2012

Works to Main Sewer at Line Wall Road

The Infrastructure and Sewers Section of Technical Services Department wishes to inform the public that this weekend it will undertake works at Line Wall Road, along the area south of the Treasury building, in order to construct a new manhole chamber. Therefore, as from 14:00 hrs on Saturday 12 May 2012 until midnight on Sunday 13 May 2012, the northbound lane will be closed to vehicular traffic. Northbound traffic flow along Line Wall Road will be stopped at the junction with Cathedral Square, where it will be diverted southbound to continue northwards via Queensway. Southbound vehicular traffic flow along Line Wall Road will remain at all times. Temporary road works signs will also be placed on the approach to the works area to guide drivers through the site.

The Government would like to take this opportunity to apologise to the general public for any inconvenience that these works may cause to them.
