PRESS RELEASE

No. 461/2012

Date: 20th July 2012

AquaGib repairs to water mains at Line Wall Road

In order to be able to replace a faulty water mains supply pipe, AquaGib will be undertaking works on Line Wall Road this coming weekend. The work will be carried out in the area south of the Treasury Building and Line Wall Road Promenade. Therefore, from 08:00 hrs on Saturday 21 July 2012 for a period not exceeding 10 hours, northbound traffic along Line Wall Road will be stopped at the junction with Cathedral Square. It will first be diverted southbound in order then to continue its journey via Queensway.

Southbound vehicular traffic will continue to flow along Line Wall Road at all times. Temporary road works signs will be placed on the approach to the works area to guide drivers through the site.

The Government would like to apologise to the public for any inconvenience that these works may cause.
