### **Minister Bossano to attend Commonwealth Forum**

The Hon. Joe Bossano MP has been invited to participate in the Commonwealth Public Service Ministers' Forum and will be travelling to India this weekend.

To date, there have been three such Ministerial Forums in the last eight years. In 2006, the forum was held in Australia, then in Barbados in 2008, followed by Malta in 2010.

The Forum will address issues relating to the current Global Economic Crisis and discuss how the public administrations can contribute to wealth and job creation.

The Forum will be attended by Commonwealth countries' Ministers, with responsibilities in these areas of government, as well as academics and representatives of the Commonwealth Secretariat. Minister Bossano will return to Gibraltar at the end of next week.
