## **PRESS RELEASE**

No. 189/2013

Date: 19<sup>th</sup> March 2013

### **Energy Performance of Buildings Assessor Training**

The Department of the Environment will be offering training on the certification programme for the energy performance of buildings.

The Gibraltar certification programme for the Energy Performance of Buildings has been in operation since 2010. The Department of the Environment will again be offering a training course on the Government approved methodology for the energy assessment of buildings as an opportunity for potential new assessors.

The Simplified Building Energy Model Gibraltar (SBEM-GI) was developed by the Building Research Establishment (BRE) as part of Gibraltar's commitments under the Energy Performance of Buildings Directive. BRE will be delivering a two day course on the use of the model on the 11th & 12th April 2013 at Bleak House from 9am to 5pm. The course is open only to those who have the relevant qualifications, and a minimum of 5 years experience, within the construction industry (architects, engineers etc.).

Further particulars on costs and criteria can be obtained from the Department of the Environment at [info.environment@gibraltar.gov.gi](mailto:info.environment@gibraltar.gov.gi) or Tel no. 20048450. Places are limited and registrations must be in by no later than the 2nd of April.
