The Gibraltar delegation, together with industry representatives, will be led by Paul Astengo and Michael Ashton, Senior Finance Centre Executives at the Finance Centre Department. The Gibraltar Finance Centre's attendance at this prestigious annual event will provide even greater prominence for the Finance Centre as our branding will be strategically placed across the venue.

The TCT conference is now in its 28th year and attracts over 200 delegates from all over the world. There will be more than 30 prominent speakers, including experts on trusts, addressing a whole host of issues relevant to the conference theme which is "Shaping the Future". The two-day conference is the oldest trust event in Europe and the Gibraltar delegation will also be participating in jurisdictional breakout sessions.

The Hon Gilbert Licudi QC, Minister with responsibility for Financial Services commented, "The Government of Gibraltar committed in its manifesto to invest in and to facilitate the expansion of Gibraltar's financial services sector. The Gibraltar Finance Centre presence, the first time that it has exhibited at the TCT, is tangible evidence of that commitment".
