The conference was a resounding success with the Gibraltar delegation creating significant interest in Gibraltar as the finance centre of choice. A number of expressions of interest are being followed up.

Commenting, Albert Isola, Minister for Financial Services said, "Invest '13 is a world class international conference and is attended by all leading players. It is very important that the Gibraltar Finance Centre had a significant presence supported by a representation of professionals from local industry. The Government continues to support and invest heavily in the future of the financial services industry and more events like these are in the pipeline. The conference was attended by over 250 delegates and initial feedback on the expected output is very encouraging. We must continue to work closely with the Industry in our promotion of Gibraltar as a jurisdiction of quality, regulation and excellent reputation".
