“Gibraltar launches Gibraltar House Business Suites in London”

The Government is to-day formally launching the “Gibraltar Business Suites”, located within Gibraltar House at 150 Strand, London.

Gibraltar Business Suites offer Gibraltar businessmen and professionals, whether they be in financial services, commerce or any other sector of the economy, excellent, well appointed working and meeting facilities in the heart of London. The Gibraltar Business Suites are operated by the Government.

The Gibraltar Business Suites consist of presentation and seminar areas, boardrooms, meeting rooms, working offices and dining facilities, furnished and decorated to a very high standard, chargeable by the hour, half day or full day.

Facilities include secretarial, communications and IT support and equipment, chauffeur driven services, in-house catering for private dining, as well as access to Government corporate rates at nearby hotels.

A brochure offering and describing the facilities, and including the charge rates for their use has to-day been published, and a copy of it is attached to this press statement. The brochure also explains how the facilities can be booked.

The brochure will now be distributed to businesses in Gibraltar.

Chief Minister, Peter Caruana said: - “Part of the Government’s thinking in investing in a new, bigger Gibraltar House in London, was to provide these facilities for Gibraltar’s business community. These excellent and elegant facilities will further enhance the ability of Gibraltar and its businesses to project themselves positively and successfully in the UK, and to hold business meetings with associates, clients and investors in a congenial setting”.
