PRESS RELEASE

No: 203/2011

Date: 05th July 2011

Resurfacing of Part of Europa Road by Shorthorn Estate

As part of the Government's ongoing road resurfacing program, works to resurface a section of Europa Road by Shorthorn Estate, will be undertaken as from 2.00p.m on Saturday 9 July 2011 for a period not exceeding 14 days. Works will be done in two stages of a maximum of 7 days each, with works concentrating on one road lane at a time. During this time and whilst works are in progress, traffic will be controlled by operatives using stop and go hand signals. Temporary traffic lights will be used during silent hours. Temporary warning road works signs will be in place to advise drivers accordingly as they approach the site of the works. Drivers are urged to take extra care when driving through the area of the works which might be uneven due to the removed top surface layer of the road. The Government would like to take this opportunity to apologise to the general public for any inconvenience that these works may cause to them.
