Minister Congratulates ‘Impulse’

The Minister for Education, Mr Gilbert Licudi QC, expressed his delight at hearing of the recent success of the local Young Enterprise team, ‘Impulse’ at the HSBC Young Enterprise National Finals held at the Intercontinental Hotel in London on Tuesday 3rd July.

Mr Licudi said:

“My warmest congratulations go to the members of ‘Impulse’, the link teachers and business advisers – you have done Gibraltar proud!”

Our young team of budding entrepreneurs participated as one of the top thirteen teams in the UK out of over 2000 companies set up by students in the UK. This is the first year that Gibraltar has been represented as a region in its own right.

The company's product - The ‘Y-Tangle’ - solves the age old problem of tangled earphone cords and its innovative, stylish yet simple design was recognised by the judges who awarded them the ‘Best Product’ title.

Impulse comprises nine students from Bayside Comprehensive School and one student from Westside comprehensive. They were supported by two business advisors and one link teacher throughout their journey.
