Government welcomes US Trade Mission

Her Majesty's Government of Gibraltar is delighted to welcome the arrival of the inaugural US Trade Mission to Gibraltar next week.

The Chief Minister, the Hon Fabian Picardo MP, recalled that developing closer commercial and cultural ties with the United States had and continues to be a major commitment on the part of the Government and that this visit was a brilliant reflection of the work being done in the US to promote stronger trade links with the Rock. He said that the establishment earlier this year of a Gibraltar branch of the American Chamber of Commerce (AmCham) had been a major milestone in this process.

He added "I am sure that members of our business community who are looking to enhance their commercial links with the United States will see the benefits of AmCham membership, of which access to the representatives of US companies arriving on next week's Trade Mission is one. I very much look forward to welcoming our guests from the USA and trust their visit is both fruitful in commercial terms and enjoyable at a personal level."
