PRESS RELEASE

No. 273/2014

Date: 5th June 2014

GOVERNMENT INTRODUCE LITTER BINS WITH INCORPORATED ASHTRAYS

The Department of the Environment is pleased to announce the introduction of new Litter Bins with incorporated ashtrays. The aim of introducing these litter bins is to encourage smokers not to drop cigarette ends on the floor, in order to reduce the resulting amount of littering, and reducing the fire hazard of having ends thrown into current Litter Bins which are intended for the disposal of waste.

The words "Make The Change-Quit Now!" have been printed on the newly incorporated Litter Bins to remind smokers of the health consequences of the habit.

For further information please contact the Department of the Environment on 20045769 or via e-mail on info.environment@gibraltar.gov.gi for further details.
