PRESS RELEASE

No. 290/2014

Date: 10th June 2014

Emergency Works at Line Wall Road

With immediate effect, Line Wall Road has been reduced to one traffic lane due to unforeseen undermining of a section of road in an area south of the NatWest building. A contractor has been engaged to undertake necessary repairs as a matter of urgency. Traffic flows will be controlled with a stop and go hand signal operation whilst repairs are underway. Temporary advance road works signs will be placed accordingly on the approach to the works.

The Government would like to take this opportunity to apologise to the general public for any inconvenience that these works may cause to them.
