### **CONTRACT WORKERS – A SOLUTION**

After months of discussions and negotiations between the GHA, Unite the Union and HM Government of Gibraltar, we are pleased to announce that we have finally reached a positive solution to the ongoing issue affecting a small number of contract workers in the GHA.

We have carried out an extensive data collection exercise on training and succession planning and have been able to identify areas where the GHA are now in a position to offer, with immediate effect, indefinite contracts to all those where no one is currently training, and where staff are eligible having completed four years' service, irrespective of short-term breaks.
