## **PRESS RELEASE**

No. 581/2014

Date: 29<sup>th</sup> October 2014

### **Solar powered lights in Gibraltar's bus stops**

The Ministry of Tourism, Commercial Affairs, Public Transport and the Port and the Gibraltar Bus Company Ltd, are pleased to announce that solar powered lights are being installed by Techtrolec Ltd, at all bus stops that did not have appropriate lighting.

Minister for Tourism, Commercial Affairs, Public Transport and the Port, the Hon Neil Costa MP said: "As outlined in my budget speech to Parliament earlier this year, I am delighted to see these enhancements to bus stops come to fruition. Not only does this fall in line with Her Majesty's Government of Gibraltar's eco-friendly drive, but it will also offer an added sense of security inside our bus stops in the darker hours of the day. I am also pleased to report that out of the 56 selected bus stops, lights have been installed in 33 and weather permitting, it is envisaged that this project will be completed by the end of November 2014."
