PRESS RELEASE

No: 595/2014

Date: 3rd November 2014

HM Government of Gibraltar releases a very exclusive limited edition of only 20 Gibraltar Gold Royal coins struck in 24kt fine gold (99.99%)

Following the highly successful launch of the Royal Silver coin series, HM Government of Gibraltar in partnership with the Gibraltar International Mint has released today a very exclusive edition of only 20 Gold Proof coins. The coin is a legal tender coin with a face value of £100 containing one troy ounce of 24kt fine gold (99.99%).

The exclusive Gibraltar GOLD ROYAL is engraved on the obverse with a timeless effigy of Her Majesty Queen Elizabeth II, together with the image of the Rock of Gibraltar in the background and the inscription "Queen of Gibraltar". The reverse of the Gibraltar GOLD ROYAL depicts the Coat of Arms of Gibraltar.

The quality and elegance of the Gibraltar GOLD ROYAL combined with its very limited worldwide mintage and its 1 Troy Ounce of 24kt gold content will make this issue one of the most magnificent bullion coins available in the market offering exclusiveness, beauty and value. The coins are priced at £1,650 and are sold inside a presentation box and include a signed official certificate of authenticity.

Due to its very limited mintage, the opportunity is being given to any interested persons in Gibraltar to purchase these in advance of its international marketing/launch. Similar to the previous issue of exclusive gold coins released in 2013, it is expected that these will be sold out in a very short period of time. The coins are exclusively available from the Gibraltar Philatelic Bureau and to register your interest or purchase the coin you should contact via email Aaron Enriles on aaron@gibraltar-stamps.com or call the Gibraltar Philatelic Bureau Ltd on 20075662.
