PRESS RELEASE

No. 68/2014

Date: 12th February 2014

Closure of Incinerator Site

Government is making preparations to have the disused Incinerator at Europa Advance Road demolished. As a result, the site, which has been used as a holding facility for the onward disposal of scrap metal and other bulky items, has now been closed.

Bulky items and mattresses should now be taken to the Quarry Site at Europa Advance Road. Vehicle tyres, fridges, boilers and electronic waste should be disposed of at the General Support Services Depot, also at Europa Advance Road.
