SALE OF HANDCRAFTS MADE BY RESIDENTS OF MOUNT ALVERNIA

The Care Agency recently held a sale of works crafted by the residents of Mount Alvernia. The sale also included many delicious cakes baked by the residents.

The crafts are made during the course of the year at the many organised activities sessions.

“Our residents look forward to the activities sessions and to the sale of works where they can display what they have created to be bought by our residents, friends, relatives and staff” said Minister with responsibility for the Elderly, the Hon Samantha Sacramento.
