PRESS RELEASE

No: 106/2015

Date: 24th February 2015

Annual University talks

The Department of Education and the Kusuma Trust Gibraltar are proud to announce the annual University talks, which this year will be hosted by Westside School on Tuesday 24th February at 9.30am.

This year we are lucky to have representation from Oxford University: Crispin Boyd will be talking to students on the Oxford application process. Penny Kossifos, from University College London, will be speaking on studying and living in London. We also welcome back Jane Marshall from Imperial College, who will be giving her engaging talk on personal statements and the interview process.

This year we will also have Trustee Joey Garcia, talking about the Kusuma Trust Excellence Scholarships scheme and, furthermore, Will Morgan from Action Aid, who will deliver a presentation, entitled "Changing Lives For Good."

All representatives will be taking part in the Careers Fair at the Tercentenary Hall later on in the evening for any questions.
