Date: 11th May 2015

Gibraltar Finance attended Hedge Fund Startup Forum 2015, in London

Gibraltar Finance together with members of the Gibraltar Funds & Investments Association (GFIA) attended and exhibited at the Hedge Fund Startup Forum 2015 held on the 6th May in London.

The Forum is one of London's leading events for those looking to start a hedge fund and over 250 delegates attended the conference. The Gibraltar delegation had the opportunity to network with a large number of managers looking to start their own hedge funds and to explain the benefits of using Gibraltar as the jurisdiction to incorporate their fund and set up as an Alternative Investment Fund Manager.

Albert Isola MP, Minister for Financial Services and Gaming commented, "New hedge fund managers looking to set up their own funds is a target niche for Gibraltar Finance. Startup managers are investment professionals who are skilled at managing money but are not so familiar with the different fund structures and advantages available in other jurisdictions. They are looking for information and advice on the most suitable jurisdiction for them and our offering of reputation, regulation and speed to market together with the ability to passport throughout the EU is a compelling formula."
