

## PRESS RELEASE

No. 389/2015

Date: 8th June 2015

---

### **Thinking Green Digest 2013**

The Department of the Environment and Climate Change is proud to announce the launch of its Thinking Green Digest 2013.

This document aims to replace the Department's Annual Report and present an overview of the work carried out during 2013 by the Department of the Environment and Climate Change, as well as significant information relating to our local environment.

In addition, the Department of the Environment and Climate Change has also produced the Thinking Green Statistics Digest 2013. This document provides the reader with statistical information on various topics including Air Quality, Bathing Water, Coastal Water Monitoring, Environmental Health and Waste.

Both documents can be found on HM Government of Gibraltar's Website at:

<https://www.gibraltar.gov.gi/new/publications> under the subheading Annual Reports.
