## **PRESS RELEASE**

No. 424/2015

Date: 19<sup>th</sup> June 2015

### **Fire Fighters Graduate at the Fire Service College**

After undergoing an eight-week rigorous training and development program at the Fire Service College in UK, newly appointed Fire Fighters Carl Debono and Stefan Robba are now ready to proudly serve our community in accordance with the roles and responsibilities of the Gibraltar Fire and Rescue Service.

To culminate the eight weeks of intense preparation, a combined demonstration exercise is carried out for relatives and respective Fire Officers, followed by a formal Graduation Ceremony that proclaims Fire Fighters as professionals in Fire-fighting Techniques, Breathing Apparatus, Road Traffic Collision, and other core skills essential to effectively and safely perform their duty.

Both officers will now continue their development and maintain their competence locally, within their respective shifts, in other subjects such as Diver Rescue, Rope Rescue and First Responder, in order to fulfil the wide range of expertise under the responsibility of the Gibraltar Fire and Rescue Service.

We wish them both a safe and successful career.
