

## PRESS RELEASE

No. 425/2015

Date: 19th June 2015

---

### A Song for RICC

A concert will take place at 8pm on the 6th of July at the Bayside School Drama Studio in aid of the local charity Research into Childhood Cancer. The concert has been organised by the school's Head of Chemistry, Dr Danny Capurro. He is being supported by a number of other local musicians and the concert will also provide a platform for some of the students to display their talents.

The concert will consist of a varied mix of popular and rock music. Rehearsals are going well and Dr Capurro believes that it has all the makings of an enjoyable evening's entertainment. RICC is a charity very close to his heart and he is hopeful that the concert will be well supported by the general public.

Tickets priced £5 are available from Bayside School Reception.
