### Certified Energy Auditor Training

**Course date: 16th - 20th November 2015**

The Department of the Environment and Climate Change would like to remind individuals of the opportunity for eligible candidates to undertake training to become accredited Energy Auditors under the Government of Gibraltar Accreditation Scheme; for the purposes of carrying out energy audits in line with the Energy Efficiency Directive.

The Certified Energy Auditor (CEA) Training programme covers numerous key topics including: energy audit and audit approach, energy fundamentals, energy auditing instrumentation, data analysis, energy financials, air conditioning systems and refrigeration, water conservation and water auditing and structured energy management programs and ISO 50001.

A number of pre-requisites are required in order to sit the course, as laid down by the Association of Energy Engineers (AEE). Please contact the Department for further details on these requirements.

Course duration is 5 days, concluding with a 4 hour open book examination. This will be held from the **16th to the 20th of November** at the University of Gibraltar at a cost of **£699**.

Interested individuals should contact the Department of the Environment and Climate Change at [info.environment@gibraltar.gov.gi](mailto:info.environment@gibraltar.gov.gi) or Tel no. 20048450. Please note applications must be in by no later than midday on **Wednesday 14th October**.
