Waterport Terraces Day Centre Christmas Parties

The users of the Waterport Terraces Day Centre, run by Social Services, have been enjoying their Christmas celebrations.

Thanks to the goodwill of our Gibraltarian community, the Day Centre staff were able to put together a varied programme of entertainment, including Christmas carols sung by the Governor's Meadow School Choir. This year, the users of the Day Centre also enjoyed taking part in a magic show.

"It has been wonderful to be able to celebrate the Christmas party at our new Day Centre for the first time. The party is one of the highlights of the year as it brings everybody together. I would like to take this opportunity to thank all staff, volunteers and community care officers who throughout the year dedicate their time towards making the Day Centre service so worthwhile for those who attend" said Samantha Sacramento, Minister for Social Services.
