

HM Government of Gibraltar

Ministry for Transport, Traffic,
and Technical Services

PRESS RELEASE

No: 749/2015

Date: 20th October 2015

Major Road Resurfacing Programme

As part of HM Government of Gibraltar's continued commitment to improve the condition of our roads, the Ministry for Transport, Traffic and Technical Services is pleased to announce the second phase of the major road resurfacing programme.

The first phase of the programme was carried out in 2014 and included major works to Rosia Road and Line Wall Road. As part of the second phase, Harbour Views Roundabout was completed earlier this year with works along Queensway South due to commence today.

Many of these roads have not seen full resurfacing works for many years and have therefore been considerably neglected. The ongoing road resurfacing programme proves this Government's commitment to road maintenance.

The Minister for Transport, Traffic and Technical Services the Hon Paul Balban said:

"I am happy to see the necessary continued investment throughout our road infrastructure through the road resurfacing programme. This Government is committed to a proper dedicated annual maintenance programme that provides a safe standard to our road users."
