Date: 26th October 2015

Minister Congratulates Carreras on Presidency

Following the news that the Gibraltar Amateur Athletics Association (GAAA's) President Frank Carreras has been unanimously voted President of the Athletic Association of the Small States (AASSE), the Minister for Sports, the Hon Steven Linares, sends him and the GAAA's his most heartfelt congratulations.

Minister for Sports, the Hon Steven Linares, said: "The AASSE is a highly influential group within European Athletics and is composed of countries such as Cyprus, Iceland and Montenegro to name a few. To have a Gibraltarian voted in as President is a measure of the regard with which the GAAA's is held within the European Athletics family. This is great news for sport in Gibraltar in general and once again highlights the importance of being active members of international governing bodies."
