

HM Government
of Gibraltar

PRESS RELEASE

No. 195/2015

Date: 30th March 2015

Electronic Commerce Act

The Government has now passed a bill to amend the Electronic Commerce Act, which will regulate e-commerce and e-commerce providers, even when e-commerce services are being provided by a public body to the general public without the intention of making profit. This legislation is a precursor to greater e-government.
